

Global Journal of Modeling and Intelligent Computing (GJMIC)

Vol. 3, No. 1, January 2023, ISSN: 2767-1917

Title and Author(s)	Pages
A Generalized Reliability Growth Model for Software System Operating in Random Environment	1-10
P. Agarwal; M. Jain; S. Kumar	
A Sustainable Inventory Model of Deteriorating Items with Carbon Reduction Dependent Demand and Discount Policy of Pre-Payment Under Inflationary Environment	11-25
S. R. Singh; Vaishali Singh,	
Optimal Release Time for Modular Software in Random Field Environment	26-36
Ritu Gupta; Sanghita P. Nath; M. Jain	
Machine Learning Based Expense Tracker Application for Personal Finance Management	37-47
Raj Thakare; Ninad Thakare; Raj Sangtani; Shubham Bondre; Amitkumar Manekar	
Loan Eligibility Prediction Using Machine Learning: A Comparative Approach	48-54
Sonali Kumari; Debasish Swapnesh Kumar Nayak; Tripti Swarnkar	
Evolution Algebras and Its Substantial Significance in the Domain of Genetics and Bio-Informatics	55-68
Manan Roy Choudhury; Anurag Dutta; Ishan Banerjee; Krishan Kundu
